Voice-over (copy this)

Welcome back to Cloud Town, high up in the sky! Remy is a visitor from far away. He wants to see Maya's drawing. He gets lost on the path. Then he arrives so slow. Oh no! Mapi is the town map. She is a signpost. She points him to the right house. Zip is the fast road. A copy of the drawing waits at the edge of town. Remy does not walk all the way in. He gets it right there. Boost is the rocket path. One front door. Always the fastest road, no matter where he starts. Remy smiles at the drawing. Now you know the front door! See you next time in Cloud Town, high up in the sky!
