

Cloud Town — Episode 87

The learning robot

Amazon SageMaker. Show it examples, and it learns the job.

Oh no! A mountain of fruit cards, and Maya has to sort every single one by hand! Welcome back to Cloud Town, high up in the sky! This is Episode 87. Meet the learning robot. Maya shows it a lemon. Yellow bowl. A lime. Green bowl. The robot watches. It tries one. Oops, wrong bowl. Maya fixes it, and the robot remembers. Try again. Right! And again. Right! The more examples it sees, the smarter it gets. Now it sorts all by itself. A brand new card? It thinks, and still gets it right. That is Amazon SageMaker. You show it examples, it learns the pattern, and then it does the job for you. Now you know the learning robot! See you next time in Cloud Town, high up in the sky!
