Voice-over

Oh no! Building a street by hand takes all day! And nothing matches! Welcome back to Cloud Town, high up in the sky! This is Episode 64. Meet the town stamp. Look underneath. A picture of the whole street. Stamp! The street pops up, exactly like the picture. Stamp again! Another street, just the same. Want flowers? Add them to the picture. Stamp! Now every stand has flowers. Done with a street? Lift and twist. Everything folds away. Nothing left behind. Draw it once. Stamp it anywhere. That is the town stamp. Now you know AWS CloudFormation! See you next time in Cloud Town, high up in the sky!
