The button board shows every stand in little pictures. Press a button. Click! A stand opens. Easy to see, easy to press. That is the Console. The whisper tube is for quick helpers. Whisper once, and ten stands open. Whisper it again tomorrow. Same result. That is the CLI. And the wise turtle checks everything. Too many coins spent here! A gate left open there! It holds up little tips. That is Trusted Advisor. Three helpers, one desk. Now you know the grown-up desk! See you next time in Cloud Town, high up in the sky!
