Voice-over

Oh no! Every stand is squeaking and wobbling! Welcome back to Cloud Town, high up in the sky! This is Episode 67. Meet the magic toolbox. Maya does not fix them one by one. She opens the toolbox. Whoosh! Sparkles fly to every stand at once. Squeak... gone! The toolbox can peek inside every stand. Pitcher? Cups? Lemons? Maya sees it all. This one has no cups. Tap! Cups appear. At night, while Maya sleeps, the toolbox works on its own. Polish, tighten, fix. Morning! Every stand shines. One toolbox, every stand, all at once. That is the magic toolbox. Now you know AWS Systems Manager! See you next time in Cloud Town, high up in the sky!
