

Cloud Town — Episode 85

The picture easel

Amazon QuickSight. Turn the stacks into a picture you see in one look.

Oh no! Three stacks of cards, and Maya cannot tell which is biggest just by looking! Welcome back to Cloud Town, high up in the sky! This is Episode 85. Meet the picture easel. It paints the answer. Three bars: tall, medium, short. Now you see it in one look. A circle cut into slices: which part is biggest? A wavy line going up: are we growing? Yes! Add a new card, and the picture grows by itself. No counting, no squinting. Just look. That is Amazon QuickSight. It turns your data into simple pictures you understand in a second. Now you know the picture easel! See you next time in Cloud Town, high up in the sky!
