

Cloud Town — Episode 88

The seeing eye

Amazon Rekognition. It looks at the pictures and tells you what is in them.

Oh no! A giant pile of photos, and Maya has to look at every single one to sort them! Welcome back to Cloud Town, high up in the sky! This is Episode 88. Meet the seeing eye. Show it a photo. It looks, and tells you what is inside. A lemon! A dog! A boat! It never gets tired. Blurry photo? It looks closer, and still knows. Three things in one photo? It spots all three. Maya just holds them up, and the eye does the looking. That is Amazon Rekognition. It looks at pictures and videos, and tells you what is in them. Now you know the seeing eye! See you next time in Cloud Town, high up in the sky!
